

# SHIRLEY G. SCHMITZ FOUNDATION, INC.

*Set people on course to reshape the future of business.*

## PURPOSE

The Shirley G. Schmitz Foundation, Inc., a 501 (c)(3) non-profit corporation, provides scholarships for education in starting and operating a business. Acceptable programs include formal college courses offered by accredited universities and community colleges in Arizona. Applicants must be enrolled full time.

The Foundation provides scholarships as incentives rather than rewards for achievement. We enlarge the spectrum by assisting ambitious talent and interceding to shape it. Our philosophical approach is aggressive, conservative and supporting. Aggressive in seeking and finding ambitious and determined applicants. Conservative in how we analyze and select potential recipients. Supportive of their ambitions and efforts through the course of their education. To invest in future potential has its risks as we take unproven talent and invest money and effort in support of their business career goals. We help them expand their universe of potential. Scholarships have been awarded to students already well along in their education as well as students just entering college.
